

MT. STERLING ADVOCATE.

VOLUME XXII

MT. STERLING, KENTUCKY, WEDNESDAY, JULY 10, 1912.

NUMBER 1

PROMINENT CITIZEN

Passes to the Great Beyond After Lingering Illness.

Prominent in Church and Business Circles.

Mr. James Dillard Hazelrigg, one of Mt. Sterling's oldest and best citizens, died at his home last Wednesday night of cancer of the liver. Mr. Hazelrigg has been in poor health for several months past and, while everything that medical science could do was done for him, he steadily grew worse.

Mr. Hazelrigg had been in the dry goods business in this city for more than fifty years and his name was synonymous with honor and integrity in all his dealings, his straightforward methods of business gaining him a most enviable reputation. Deceased was born in Clark county, November 30, 1832, but moved to this city early in life and, with the exception of a few years spent at St. Louis, has always made this his home.

Mr. Hazelrigg always took a great interest in all religious movements and was an elder of the Christian Church for a number of years. Few men ever lived here who were better loved or more highly respected than he, and the vacant spot in the hearts of his friends can never be filled. His Christian life had been an inspiration to many of our young men who have profited greatly by the sterling example he set them. He is survived by his wife, Mrs. Emma Mason Hazelrigg, three sons, Judge A. A. Hazelrigg, Charles T. and J. Dillard, Jr., and two daughters, Mrs. C. D. Grubbs and Mrs. C. C. Turner, who have the sympathy of countless friends.

The funeral, with services conducted by Rev. H. D. Clark, was held at the Christian Church at 10 o'clock on Friday morning and burial in Machpelah Cemetery.

Big Picnic.

The picnic for the children of the Baptist Church last week at Oil Springs was a most enjoyable one. Quite a large crowd attended. Mr. and Mrs. W. Z. Eubank, who have charge of the Springs this year, have made many improvements and now Oil Springs is one of the nicest summer resorts to be found anywhere. They were especially nice to the young people and helped make their day a pleasant one.

Fire Department to Make Practice Runs.

The Council has given the Fire Company the privilege to make practice runs at least once a month and the department will make a run the last Thursday night in each month. All members of the fire department who are not at the practices will be fined.

\$5.00 Reward.

I will give \$5.00 for the return of a Parrot. Last seen in Apperson's woods. L. G. Howard.

RICHMOND HERE TODAY

Home Team Continues to Lose, Paris Winning Two Sunday.

Maysville Will be the Attraction Here Thursday and Friday.

In spite of the fact that a number of new players have been added to the local team, it seems they can't break their hoodoo. However, it must be remembered that a losing team cannot be made into a winning one in a week's time. Hard luck also seems to be following the boys and, while they hit the ball hard, it seems they are unable to hit when hits mean runs. For instance, at Paris Sunday they lost two games by the score of 5 to 4 and 3 to 2. The first game went 11 innings and was a beautifully played game of ball, Friedly pitching. The second game was a pitcher's battle with Odell pitching for the locals. Both games were won by Paris in the last inning after it seemed Mt. Sterling had them beat.

The locals won their first game on the home lot Thursday morning by the score of 2 to 0. Friedly pitched a splendid game and won the watch fob offered by Robinson & Co., for the first shut-out game.

The next game at the local park will be today (Wednesday) with Richmond and on Thursday and Friday Maysville will be the attraction here.

Our team continues to improve, and it is confidently believed that within a short time we will have a winning team. At any rate, it has been clearly demonstrated that if our boys will do as good as break even, base-ball will be a paying proposition in Mt. Sterling.

London Postmaster

Fired By President.

For an attack on President Taft, recently published in the Mountain Echo, at London, Ky., Lee B. McHargue, postmaster at that place and manager of the above named paper, has been discharged. It seemed the postmaster was a strong admirer of Col. Roosevelt and stated through the columns of his paper that President Taft had secured his nomination by receiving votes from illegal delegates.

Mammoth Cave.

Montgomery county's trip to Mammoth Cave will be July 30th. The round trip fare from Winchester will be \$5.65. All expenses at cave and hotel \$6.50 for three days trip. The latter amount includes your board at Cave hotel and the several routes through the Cave, making the total expense for the three days outing \$12.15. Limit on tickets 10 days. Write or phone L. & N. agent.

If you have any job printing you want done in a hurry, let the ADVOCATE do it.

Off For Camp.

The following young men will leave Thursday for the Fin and Feather Camp for a week's outing: W. Caldwell Clay, Wm. Oldham, Grey Russell, H. Benton Kin-solving, Tom Grubbs, of this city, and Harold Oldham, of Richmond.

SHOOTING SCRAPE

Sunday Afternoon at Science Ridge Meeting House.

Man Receives Wound Thought to Be Fatal.

William See shot and dangerously wounded Floyd White at the Science Ridge meeting house near Jeffersonville, in this county, Sunday afternoon. The ball entered White's breast a couple of inches above the heart, passed through his lungs and out near the right shoulder blade. White is still alive, but it is thought he has very little chance for recovery.

William See, the man who did the shooting, claims that he was drunk and that he did not know why he shot White, but eye witnesses to the crime say that it was a deliberate attempt to murder White; that he did not have any trouble with See, but that See walked up to him, pulled his pistol and shot him and then turned and ran away.

Deputy Sheriff Wm. Sledd arrested White and lodged him in jail.

Base-Ball Benefit

Thursday Night.

The young men who recently gave a minstrel have consented to repeat the first part of that entertainment Thursday night for the benefit of the Base-Ball Club to help pay the expenses of erecting the grand stand, etc. There will also be a couple of good films shown. Admission will be 35 and 50 cents, and it is hoped that everybody will turn out and help the boys out.

Don't Forget.

Don't overlook the free exhibition of fancy shooting Tuesday, July 16th, by the representative of the Winchester Arms Co. This may be the only chance you will ever have to see the champion shots of the world.

Let Sutton & Son furnish your home, then you will have the BEST. It will cost more elsewhere.

DIVISION OF CLASSIFICATION

Post Office Department

THIRD ASSISTANT POSTMASTER GENERAL

Washington, July 1, 1912.

Publishers of Advocate,
Mount Sterling, Kentucky.

Sirs:—

Your attention is invited to amended paragraph 3, Section 436, of the Postal Laws and Regulations, appearing in the December, 1911, Postal Guide, reading as follows:

"The right of publishers to extend in good faith credit on subscriptions is recognized and will not be abridged, and although all subscriptions are regarded as expiring with the period for which they were obtained, nevertheless, in order to give an opportunity to secure renewals, copies of their publications will be accepted for mailing as to subscribers at the usual second-class rates of postage for a period of one year from the date of expiration; but copies sent to persons after one year from the date of the expiration of their subscriptions, unless such subscriptions be expressly renewed for a definite time, together with an actual payment of subscription or a bona fide promise of payment, will not be accepted at the pound rate, but will be accepted at the transient second-class rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed."

The purpose of this regulation is to give publishers a reasonable opportunity to secure renewals of subscriptions, and at the same time relieve the postal service of the burden of carrying copies of publications as to subscribers at the usual second-class rates of postage to persons who are not such in fact.

In order that the Department may ascertain whether the regulation is being uniformly complied with, you are requested to furnish, with regard to the circulation of the next issue of your publication, the information asked on the reverse side of this sheet, sending it under cover of the inclosed official envelope, which requires no postage.

Respectfully,

JAMES J. BRITT,

Third Assistant Postmaster General.

If you have not paid your subscription please call and do so or send check or your name will be stricken from our lists, as we MUST comply with the law.

MONTGOMERY COUNTY FAIR

Begins Tuesday, July 23, 1912.

Get Ready for the One Big Event of the Year.
Buy Your Season Ticket Now.

The fourth annual exhibition of the Montgomery County Fair will begin at their grounds at Mt. Sterling on July 23, and continue throughout the week. All of the trots and paces have filled satisfactorily and some of the best and fastest horses on the turf will compete at this fair and the exhibits of live stock promise to be the best ever seen on the fair ground. In the suckling colt stake twenty-two of the highest bred colts in Kentucky will meet. In the combined class there are eleven entries, including the sensational show horses, Lord Blackstone, Princess V, Major Dare, Hazel Dawn, Carita, and others. In the five-gaited saddle class there are twelve of the world's best horses, including Meteor Chief, J. J. Coffman, Kentucky's Selection, The Officer, Star Emerald and Paris, will try for the prize. The light harness class promises to be one of the hardest fought rings ever put on at any fair. The entries in this ring are Peacock, Wingo Chief, King Edward, Hazel Dawn, Maria Louise,

Carita, Major Dare, Lord Blackstone, the sensational Golden Girl and others. The three-year-old junior championship class has seven entries, including the crack three-year-old, Indian Cloud, who will meet warm company.

On Saturday, July 27, the Fair Company will give away to the person holding the lucky number a handsome Shetland pony, a ticket to be given with every purchase of a child's ticket at 25c.

Two bands will furnish music each day. There will be night concerts. There will be one of the best Carnival Company's on the road at this fair night and day, consisting of nine clean and attractive shows. Sensational balloon ascensions daily and other free attractions.

Tax Books Ready.

Mr. B. J. McDonald, City Tax Collector, now has the city tax books in his hands and is ready to receive the taxes which are now due. The total assessed value of property in the city this year is \$2,294,184 as against \$2,230,124 for last year. This year, owing to the conscientious attention to his duty by City Assessor Taylor Fitzpatrick, the taxes show a net increase of \$633.37 to the city. Last year the number of polls was 697, while this year there are 802 on the list.

BOARD OF HEALTH WILL TEST CATTLE

Co-operation With the United States Department of Agriculture.

The increasing spread of tuberculosis among dairy cattle endangering the public health, by transmitting the disease through the milk and butter, has made necessary a crusade against this disease in bovines. By eliminating diseased cattle from the city dairies, the most potent source of infection to infants can be stamped out, as it is shown that a large percentage of children suffering from tuberculosis are infected with tubercle bacilli in the bovine type and the disease traced directly to the milk of infected dairy cattle. And can it be wondered at, when microscopical examination of the milk in various cities of the United States has disclosed this germ (Tubercle bacillus) in the market milk in from two to sixty percent. of the samples examined. The producer and consumer simultaneously realize the danger, and wish to sell milk and buy milk from tested herds, respectively, thereby complying with the proclamation of the State Board of Health and City Health Ordinances, which necessitate that all cattle be tested for tuberculosis before the milk is sold for human consumption. This ends the controversy, and the

dairymen are only too glad to test their cattle, when the cost of testing is reduced to absolutely nothing. As evidence of this fact, many have already made application for the co-operative test.

The Bureau of Animal Industry of the Department of Agriculture wish to encourage all dairymen to keep tuberculin tested cattle and protect the consumer from tuberculosis, and to promote the work, they announce a co-operative test with the State Board of Health of Kentucky, gratis to owners. In order to obtain the services of the Government experts in testing the herds, it will be necessary to comply with the regulations of the Bureau of Animal Industry, which states that animals which react to the test will have to be isolated from the healthy herd, or slaughtered, according to the Government Meat Inspection Laws. The owner, of course, may choose his pleasure in this matter. We trust that all dairymen in the State will avail themselves of this opportunity by making application for the services of the Government experts, stating the number of cows in the herd. The Board of Health will be glad to file all applications for testing on or before July 8, 1912. Further information gladly furnished upon application.

Sealed Proposals For Brick Street Construction.

In accordance with an ordinance adopted by the City Council of the city of Mt. Sterling, Ky., on the 16th day of April, 1912, and on the 7th day of May, 1912, sealed proposals will be received for the paving of the following streets, to-wit:

Bank street, from the south line of West Main street to the Chesapeake & Ohio Railway.

West Locust street, from the east line of Bank street to the east line of South Sycamore street.

Said streets will be paved with vitrified block on a concrete foundation with concrete curb and gutter, according to the plans and specifications now on file in the office of the City Clerk.

Each bid must be sealed and marked "Bid for Street Paving," and addressed to the City Clerk, Mt. Sterling, Ky. Each bid must be accompanied with a certified check on a National Bank for five hundred dollars. Said bids will be opened in the presence of the Board of City Council of Mt. Sterling, Ky., on the 22nd day of July, 1912, at the hour of 7:45 o'clock. The territory to be paved comprises about 4,700 square yards. The right is reserved to reject any and all bids.

New Drug That Quickly Removes These Homely Spots.

There's no longer the need of feeling ashamed of your freckles, as a new drug, othine—double strength has been discovered that positively removes these homely spots.

Simply get one ounce of othine—double strength, from Wm. S. Lloyd and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove freckles. 39-etc

Big Row.

A row in the United States Treasury of more than a year's standing between Secretary MacVeagh and Assistant Secretary A. Piatt Andrew, culminated with the resignation of Mr. Andrew and the proposal in a resolution for a congressional investigation of Secretary MacVeagh's administration. The resolution was offered by Representative Cox, of Ohio. A reactionary stock market was credited to the resignation.

Legs Made to Use.

In England, walking, forced on thousands because of the recent miners' strike with its resultant shut-down of street railway power, has become a habit. The wealthy owners of carriages and motor cars have taken it up as a fad and numerous walking clubs throughout the United Kingdom are attempting to restore "the lost art of pedestrianism."

In this country convenient street cars and automobiles threaten to stiffen thousands of legs into uselessness unless a realization of the joys of walking is soon restored. The craze for quick locomotion, the cause of the Titanic disaster, has spread into all forms of life. We think we must "get there" in a hurry. Time is the idol we worship. Yet time isn't worth much, after all. It isn't worth a body grown weak and unwieldy through lack of the only exercise that uses all the muscles at the same time. It isn't worth a digestion ruined through lack of the stimulating influence of brisk bodily exertion in the open air.

It isn't worth a mind grown rusty and stale because the physical dynamo which feeds it has been neglected. But walking so many times is inconvenient, we say to ourselves. Yet those who consult their own convenience too much never will achieve anything, either physically or mentally. The best part of walking is that one has to be patient and preserving to arrive at the goal. The worth of almost anything can be judged by the patience necessary for it. The great things in this world seldom are done in a hurry. Our craze for rapid locomotion

By virtue of Executions Nos. 139 and 140, directed to me, which issued from the Clerk's office of the Montgomery Circuit Court, in favor of W. A. DeHaven and T. J. Allen against Silas Johnson, I, or one of my deputies, will, on

Monday, July 15th, 1912

between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the Court House door, in Mt. Sterling, Montgomery county, Ky., expose to public sale, to the highest bidder, the following property, or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs, to-wit:

The right of redemption in the herein-after described property, same having been previously sold under executions of T. J. Allen and J. E. Plummer, by the Sheriff of Montgomery county, Ky., at Mt. Sterling, Ky., on June 17th, 1912, and same not having brought two-thirds of its appraised value. Said land is described as follows: Lying and being in Montgomery county, Ky., and bounded on the west by the lands of Clay & Kirkpatrick, on the north by the lands of Geo. Humphreys, David T. Duncan and Hinkston Creek, on the East by the lands of Mrs. Sallie Wilson, and on the south by the lands of Clay & Kirkpatrick, and containing about 70 acres. And said land is also sold subject to a mortgage of \$2,000.

The amount of Plaintiff W. A. DeHaven's debt, interest and cost is \$61.82. Plaintiff T. J. Allen's debt, interest and cost is \$53.53, making a total amount of both Plaintiffs debts, interest and cost, including newspaper advertisement, the sum of \$115.35.

Levied on as the property of Silas Johnson.

TERMS—Sale will be made on a credit of three months; the purchaser to execute bond, with approved security, to have the force and effect of a Replevin Bond.

is but a reflection for our craze for complex, expensive forms of amusement. Half of the desire to ride in carriage or auto is due to our foolish ostentation, foolish pride in merely material possessions, foolish craving to "cut a dash." Walking is a cheap and wholesome tonic for mind and body and gives the maximum of results for the minimum of effort. It is better for complexions than all the cosmetics in the drug stores; it is better for excessive fatness than all the anti-fat cures on the market; it is better for excessive thinness than any flesh builder ever manufactured; it is better for health and strength than all the gymnasiums of the land, packed full as they are with fussy apparatus.

Walk at least an hour a day. It will prove an antidote to worry and an encouragement to repose. It will keep you young and supple, and first of all, alive to the fact that simplest pleasures are the best.

TAKE IT IN TIME

Just as Scores of Mt. Sterling People Have.

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Act in time by curing the kidneys. Doan's Kidney Pills are especially for weakened kidneys. Many people in this locality recommend them. Here's one case:

George McCandles, butcher, Paris, Ky., says:

"Some time ago I had occasion to use a kidney remedy and at that time they gave me relief, which has proven permanent. I got them for backache and disordered kidneys. The way they stopped my trouble has proven their merits."

The above is not an isolated case. Mr. McCandles is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. McCandles had.

A SMOOTH MOVE.

We have always recognized Judge Allie W. Young as one of the shrewdest politicians in Kentucky, and at the recent Democratic National Convention at Baltimore he demonstrated his superiority over all other members of his delegation in a modest and novel manner.

It was when the situation was growing acute and a break in the Clark supporters was inevitable, that Judge Young, for the apparent purpose of getting information, asked the Chair if Kentucky's vote could be voted for Wilson, if a majority of the delegates desired, notwithstanding the instructions for Clark. Being a parliamentarian of rare ability, Judge Young needed no one to pass upon this question for him, but the question answered his purpose fully. It proved to the Clark forces that Kentucky was about to leave him; the Underwood followers, who had been counting on Kentucky whenever Clark was out of the way, were made to understand that they might as well let the New Jersey man be nominated without further delay, and lastly, it secured for the Morehead jurist a front seat in the Wilson band wagon.

For our part, we tip our hat to the Judge when it comes to the political game.

It begins to look like our Government building is not to be completed for some time, as no work has been done on it of any kind for several weeks. We do not know the cause of the delay, but in view of the fact that it may not be completed soon, it has been suggested by several residents of the neighborhood that the pavement in front of the building should be cleaned up a little so that the people can pass in safety. It is dangerous as it is and could be made safe with very little work.

Judging from the number of desertions from T. R.'s ranks to those of Woodrow Wilson, the Bull Moose Convention to be held at Chicago in August will be a tame affair.

Free Exhibition of Fancy Shooting

MR. ADOLPH TOPPERWEIN

MRS. ADOLPH TOPPERWEIN

Mr. and Mrs. Adolph Topperwein, the celebrated marksmen, will give an exhibition of expert and fancy shooting here Tuesday afternoon, July 16th, at the Gun Club grounds on Holt avenue, which everybody ought to see, as no such marvelous shooting has ever been done in this section. It will be a revelation to all of the wonderful possibilities of modern arms and ammunition in the hands of the greatest experts. Mr. Topperwein is the acknowledged dean of fancy and trick shots, and his many feats are of a highly sensational character. Mrs. Topperwein has no equal among women for adeptness in shooting. Ladies are especially urged to go and witness her astonishing skill with shotgun, rifle and pistol. Admission will be free to all.

Some idea of the unusual character of the exhibition given by the Topperweins will be gained from the following remarks:

Adolph Topperwein, the greatest living fancy and flying target shot with a rifle, represents the Winchester Repeating Arms Co., and lives in San Antonio, Texas. His native state has long been noted for its expert shooters and this penchant for shooting among Texans, added to his natural ability, undoubtedly accounts for the wonderful skill he displays. He uses no special equipment, but ordinary Winchester rifles, shooting regular cartridges with solid ball; or, in other words, cartridges such as are sold by all dealers. He shoots at oranges, apples, bits of coal or brick, walnuts, small marbles, empty cartridge shells, and many other tiny objects, which are all thrown into the air and hit with either rifle or revolver.

In the most remarkable exhibition of rifle shooting ever given, Mr. Topperwein shot for ten days at 72,500 2 1/2 inch wooden blocks thrown into the air by an assistant, missing only 9 out of the entire lot and only 4 out of the first 50,000. During the shooting he made straight runs of 14,540, 13,599, 13,292, 13,219 and 10,383. The shooting outfit he used was two Winchester automatic rifles and Winchester cartridges, and the loading of the rifles was done by himself. Considering the almost incredible score and the tremendous strain of such incessant shooting, it is unlikely that this record will ever be beaten.

Other remarkable feats by Mr. Topperwein with the rifle were his scoring of 85 out of 100 2 1/2 inch targets thrown into the air while riding at full speed in an automobile; and the breaking of 3,507 targets without a miss at the World's Fair in St. Louis.

Mr. Topperwein is the originator of many marvelous fancy and trick shots and also of the feat of drawing the outlines of Indian chiefs and other pictures with bullets shot from a rifle. Rifle shooting is not his only acquirement, as he does wonderful work also with revolver and shotgun.

Mrs. Topperwein, who shoots to demonstrate the superior quality of the American Powder Mill's "Dead Shot" smokeless powder, is undoubtedly the premier lady shot of the world. Although she took up shooting only a few years ago, she has startled the shooting world and entertained many thousands of people by her great skill with rifle, shotgun and pistol. Shooting comes natural to her, as without seeming difficulty she masters various kinds of shooting quickly.

Her first public appearance was at the World's Fair at St. Louis, where, with a Winchester automatic rifle, she broke 967 out of 1,000 2 1/2 inch flying targets; and later, 1995 out of 2,000 with a straight run of 1437.

Besides being a wonderful wing and fancy shot, Mrs. Topperwein is a consistent shooter at the traps and has won many high averages in open competitions, shooting against the best professional and amateur shots in the world. Among her scores are 198 out of 200, 245 out of 250, 385 out of 400 and 485 out of 500. At San Antonio, Texas, July 18, 1908, she broke 961 out of 1,000 targets thrown from regulation traps at the regulation distance, shooting the entire number of shots in 4 hours and 35 minutes.

At the Pacific Coast Handicap, held at Seattle in 1910, Mrs. Topperwein won highest general average over a large field of the best shots of the Pacific Coast and Canada. On the first day of the tournament she made the remarkable score of 195 out of 200, which included 20 doubles, and on the final day she broke the entire program 100 singles straight. She has broken 100 straight and better a great number of times, her longest run being 226.

Her score at the Grand American Handicap, held at Chicago in 1910, where she was the only lady shooting, was 96 out of 100 from 19 yards. Mrs. Topperwein is the only lady in the world who ever had the honor to qualify as a national marksman in open competition shooting at 200, 300 and 500 yards with a military rifle.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Many Women Interested.

An organization which means much for the growth and efficiency of the Bible School of the Christian Church in this city has recently been effected. The woman's class, for several years taught by B. W. Trimble, was organized on Sunday, June 30, by the election of officers (recommended by a nominating committee) as follows: President, Miss Bettie Roberts; Vice-President, Mrs. John Boardman; Treasurer, Mrs. Jas. Groves; Secretary, Mrs. Mayme Satterwhite. The latter, owing to many pressing duties, could not accept, and her successor will be chosen. The class name selected by the class is "Trimble's Loyal Women," and the motto for the class is "Every Woman in the Church a Member of the Bible School." The class of 50 members has been divided into the following committees: Devotional, Membership, Sick, Absentee, Reception and Social, each with a chairman. The first session of the class under new order was held on Sunday morning, July 7, when two new members were enrolled. The completion of the new Bible School addition enables this class to have the entire auditorium of the church.

The outlook is encouraging, as the class has entered heartily into the work.

In addition to the above 52 members there is a Home Department of 88 women who are pledged to the study of the same lesson with the class every week. Attendance at class session is optional, yet all are cordially invited to be present at any session. Their offerings for the expense of the school are voluntary, and can be sent in at the end of each quarter. The Superintendent of this Home Department is the teacher of the class. During the past week he called at the homes of 77 of the members, distributing the literature for next quarter and encouraging the members. Some not living in the city were written to. This Home Department has been at work since January 1st, as prior to that time there was no Home Department.

Upon this foundation of 140 women will be erected a building of symmetry and beauty, fulfilling the motto "Every Woman in the Church a Member of the Bible School." While this is being accomplished, a blessing will, we hope, come to many who are not enlisted in the service of the Christ.

ATTENTION VOTERS.

Section 20 of the Primary Election Law as passed by the Legislature of 1912 reads as follows:

"Section 20. SPECIAL REGISTRATION—Fourteen days before the primary provided for in this act there shall be a special registration at the office of the County Clerk for persons entitled to be specially registered for the purpose of voting in said primary. The following persons and no others shall be entitled to special registration:

"1. Any persons who were absent from the city or town of their residence during the entire time of the registration for the preceding year.

"2. Persons who were prevented from registering by reason of their own sickness or by death in their immediate families.

"3. Persons who moved into the city or town of their present residence after the latest date that would enable them to register for the purpose of voting in the last regular election, and who have the qualifications of voters in the precincts in which they reside.

"4. Persons who have become of age since the last election and have the qualifications of electors.

"Before registering any person under this section the County Clerk shall require him to make written oath as to the cause of his failure to attend the last regular registration. In all cases where illness is given as a cause for failure so to register, the affidavit of a physician setting forth the fact shall also be required. All affidavits provided for under this section shall be kept in a bound book made for that purpose. When the proper affidavits have been made, the clerk or his deputy shall write the name of the person applying in the proper registration book of the preceding year on the last page containing the names beginning with the same letter, and, if necessary, on pages immediately following; and in the column headed, "Remarks," shall be written the words, "Specially Registered," with the signature of the Clerk and the date.

"Any elector present in the office of the County Clerk may challenge the right of any person to register specially under this section, and thereupon the County Clerk shall examine such person and any witnesses who may be offered, under oath, and shall determine the right of said person to register. The registration books in possession of the County Clerks shall be sent to the polls and shall be used by the election officers to determine the right of any person to vote in the primary election; and there shall be no special registration at the polls."

I will, therefor, in conformity with said section, on Saturday, July 20th, 1912, hold such registration in my said office.

Republicans Disagree.

It seems that our Republican brethren widely disagree on Mr. Roosevelt's last administration. Some say he could be trusted then, why not now; others say we had the worst panic under his administration and a divided party left on the hands of Mr. Taft when he went into office.

For the benefit of the warring factions, we re-print extracts from ex-Governor Black's speech, of New York, delivered before the Home Market Club at Boston in January, 1908. Remember that it was Black who put President Roosevelt in nomination at the Republican National Convention in 1904. Then, five years ago, he denounced Mr. Roosevelt with the wealth of metaphor and epigrams that can hardly be paralleled by any other political orator in this country.

The Democrat reproduces a portion of Gov. Black's speech, which was printed in William Jennings Bryan's Commoner and placed in the archives of the Democrat office. In looking over some old papers, the editor ran across it recently.

"She (the Republican party) resumed her industrious career at the beginning of McKinley's administration and followed it incessantly until the culmination last October of these dangerous, socialistic, un-American doctrines which took away her courage and started her upon a course of wandering and hesitation.

"We have seen within the last few years the gradual obligation of the Republication idea. The protection of American industries, the equality of American citizenship, the independence of the courts, the fixed and salutary boundaries of co-ordinate functions, the guarantee of fair play, the scrupulous regard for the limitations of official power, all these, which have been

the blood and spirit of the Republican party are staggering under blows inflicted in the party name.

"The occurrences of the last few years point too plainly toward a national crisis. Respect for the old and established is giving to feverish desire for the new and experimental. The decisions of our highest courts are criticised by men who never studied law and by lawyers who never tried a case. Policies consist now of a series of antics. Nearly everybody is accused but few are tried. If those accused are innocent, the oft repeated accusation is a wicked slander. If they are guilty, their immunity is a national disgrace.

"The laborer deprived of work is now demanding government aid as the next legitimate step in this new and frenzied dispensation. Prosperity, but yesterday at the flood has lapsed away, and there along the banks are furnaces with their fires out and idle railroad trains with workmen sleeping in the cars. And yet Vesuvius still continues active. The torrent of vituperation is still tearing on, and the cry on the stricken is filling the land. Will men build again while these eruptions last?

"It will be a sad day for the American people if they discard the words 'In God We Trust,' and adopt the motto 'After me, the Deluge.'"

We would like for our Republican brethren to digest the above. Winchester Democrat.

GOV. OSBORN DESERTS COLONEL FOR WILSON

One of "Seven Governors" Now Sees No Need of Third Party.

In a lengthy statement issued recently, Governor Osborn, of Michigan, voiced his sentiments against a third party and expressed a hope that Colonel Roosevelt would abandon his plans for a convention in August and not be a candidate for the Presidency.

The Michigan Governor was one of the seven Governors who met in Chicago and requested Roosevelt to become an active candidate for the Republican nomination.

Governor Osborn says he sees no necessity for a new party just now. He praises Wilson and says Republicans can vote for the New Jersey Governor without leaving their party or bolting. He asserts that the real Republican party has no candidate for President this year.

He gives Roosevelt the credit for the nomination of Wilson by the Democrats, saying that the Colonel's defeat at Chicago and his proposal of a third party forced the Democrats to put up a strong, progressive candidate.

His statement follows in part: "I am of the firm opinion that there is no necessity for a new party. The issue is clearly drawn for the people. It is Wall street against Wilson. It is even more than that."

"All the evil forces of America will finally line up with Wall street and Mr. Taft. Woodrow Wilson, by character, temperament, preparation and fitness, is above the high average of American Presidents."

PREVENTING THE SOURING OF MILK IN HOT WEATHER.

During the hot weather of the summer months many farmers have trouble with sour milk. This causes much loss, not only to the farmer who keeps one or more cows for family use, but especially to the dairyman who retails his milk or ships it to a dealer in the city. The dealer usually pays only one half price for sour milk or refuses to accept it at any price, thus entailing heavy loss to the producer.

Good sweet milk can be produced and delivered in prime condition to the customer in the hottest summer weather. The writer has for five years shipped milk from the farm to Louisville—a distance of 57 miles—the milk being three hours on the train in transit, and has not had a drop of sour milk during that time. The amount of these shipments ranged from 60 to 90 gallons a day, and was on a strictly business basis, every gallon being sold at a good margin of profit. During about half of this time the milk was shipped in 8 and 10 gallon cans, the remainder of the time in quart and pint bottles.

Good sweet milk depends on two items, cleanliness and a cold temperature. To secure these the following rules should be observed.

Have the cow's udder clean before milking. A clean damp cloth can be used for this purpose and can be carried in the pocket of the milker. Only a few seconds are required to wipe the udder off immediately before beginning to milk the cow. In our experience this simple expedient has worked wonders.

Be careful not to allow hairs, dust or dirt to fall into the milk. They are laden with germs. Germs cause the milk to sour. The greater the number of germs the quicker the souring will occur. A pail with a small opening will be very helpful in keeping out dust and other dirt.

Use the milk pail for no other purpose than for milking. Some dairymen use it for watering the horses and slopping the hogs, and then wonder why the milk sours.

Cool the milk immediately by running it over a milk cooler, (one of these can be bought for \$5 to \$7), or by immersing in cold spring or well water. The animal heat must be removed before placing in cans or bottled for delivery or shipment. If necessary to hold the night's milk for shipment the next morning it should be held at a low temperature. Cold springs or well water in a wooden or metal tank of proper size to hold shipping cans may be used for this purpose. If running spring water is at hand, this will serve admirably. In some cases the milk or cream may be lowered into a cistern and kept cool until time for shipment. If care is exercised, milk can be kept sweet without ice, but a supply of ice is very desirable.

Another important point. Wash all vessels carefully. Examine frequently in the angles to see that no accumulation of yellow slimy casin material collects, as this will certainly cause rapid souring. After washing, scald all vessels with boiling water and place in pure fresh air until ready for use. If exposed to the sun, so much the better, as sunlight is the best germ killer and purifier.

Milk produced in the manner outlined will be of the best quality and will bring the highest market price. Such milk is always in demand and if used for buttermaking it furnishes the raw material from which high quality butter can be produced. If all the butter produced on Kentucky farms were made from milk handled in this way, hundreds of thousands of pounds of poor butter which each year goes into our markets at a very low price would be replaced by a gilt edged article, which would sell at an attractive price, and would add many thousands of dollars to the annual profits of Kentucky farmers.

County Fairs.

The season of county fairs is approaching, and, as usual, there will be many such exhibitions in Kentucky. An agricultural paper not long ago defined the fair as an "exhibit prepared by a community for the purpose of advertisement and for the education and attraction of the public," and the definition is a good one.

The county fair is of pre-eminent importance to the farmers. Naturally it should be faithfully representative of the county's agricultural products. It is true, however, that such is not always the case, and that some fairs make a scanty showing in this respect. Evidently many farmers do not appreciate the fact that a display of products is a good advertisement for the farmer as well as for the county in general. The premiums that are offered are not always sufficiently large to be of great attraction in themselves, but the farmer who raises fine stock and neglects the fair as a means of making the public acquainted with his accomplishments in that line is overlooking a splendid advertising opportunity. The same may be said with regard to the products of the soil. It requires some time and trouble to prepare an exhibit for the fair, but the farmer who does so will not have labored in vain, even though he may not fare well when the blue and red ribbons are distributed. He, at least, has advertised his "goods" and has advertised himself as a progressive citizen.

Every farmer who has the energy and the ambition to get along in the world should co-operate with those who are laboring to make a success of his county fair. It will pay him to do so, for advertising pays in farming as in other things. A fair is not alone of value to the immediate locality in which it is held. It helps business, of course, at the county seat or the place of its location, but it also helps the whole county, and the influence of a first-class fair extends even beyond county boundaries. For that reason the fair should be representative, to the end that the best results may be attained from its advertising value. —Courier-Journal.

Mr. E. R. Hinds, of Lexington, has opened a barber shop at Oil Springs for the summer season.

Miss Pearl Pieratt has returned home after a protracted visit with relatives in Mt. Sterling.

School began at this place Monday, July 8th, Miss Bernice Bruin of Midway being the teacher.

Miss Maggie Rice, of Winchester, is visiting relatives at this place.

Mrs. Nan. Tyre, of Lexington, is visiting Mrs. Martha Boone.

Mr. Pat. Piersall and Harvey Vivion made a business trip to Loglick recently.

Miss Sarah Hugs and niece, Ethel Boone, have returned home after a visit with relatives at West Bend.

Mr. Lindsay Vivion, of Winchester, is visiting his mother, Mrs. Frances Vivion.

Miss Alta Vivion entertained a

STOOPS.

(By B. M. Goodan.)

With favorable weather threshing will begin this week.

Timothy meadow is better than it has been for many years.

A good many lambs were weighed up last week at from \$6.50 to \$7.00 per hundred.

James Crockett, of near Judy, who was injured recently while diving in Hinkston, shows signs of improvement.

While a good many Democrats here were for Champ Clark, they are greatly pleased with the nomination of Woodrow Wilson.

The Ladies Aid Society of Springfield church will meet with Mrs. T. N. Coons, July 18th.

John Bradley and family, of Wyoming, came up Saturday to visit relatives.

Thos. B. Hamilton, brother, Sherman and sister, Miss Edna, left Tuesday morning for Swango

Springs.

A good sized crowd attended the ice cream supper at Somerset Saturday night. The proceeds amounted to over \$50.00.

Those of us who read that newsy sheet, would rejoice if the Lexington Herald would get a new picture of Woodrow Wilson.

Miss Nell Glover began teaching the school here Monday. There is a large attendance.

There will be prayer meeting at Springfield every Saturday night until further notice.

The tobacco crop in this section is growing out very uneven.

The Gudgell Hill ball team defeated the Stoops team Sunday afternoon, the score being too "awful" to put in print.

A letter received from Dr. E. O. Guerrant, states his health will not permit him to be present at the ordination services Sunday, July 21st but that he hopes to be able to preach at Springfield sometime this summer or fall.

Louisville Post

Comes Out For Wilson.

The Louisville Post, an Independent Republican paper, has announced its intention of supporting Governor Wilson; the Democratic nominee for President, in the following language:

"PROGRESSIVES IN ALL PARTIES SHOULD SUPPORT WOODROW WILSON.

"The Progressive voters of America outnumber the Reactionaries in each party. The Republican Bosses undertook to stifle the will of the people at the Republican convention.

"By fraud, force and corruption they denied the nomination to Mr. Roosevelt and gave to Mr. Taft a nomination refused him by the people.

"The Democratic Bosses undertook at Baltimore a repetition of the crime committed at Chicago. Forewarned leaders of the people were forearmed, and the Democratic nomination went to that Progressive Leader, Gov. Wilson, of New Jersey.

"That is but the first battle. The Bi-partisan Bosses hope to divide and conquer the forces of the people. Their own followers will unite; their paymasters are without party predilection; their one hope is the election of the Chicago nominee.

"Find out what your enemy wants you to do, then don't do it.

"Let all Progressives, all friends of representative government, all the betrayed citizenship in the Republican ranks, all Democrats who are loyal to Democratic principles unite in the election of WILSON AND MARSHALL and thus make it impossible for the Bi-partisan Bosses to manipulate the electoral college or the House of Representatives as again to reverse the purposes of the people."
